14 October 2011

Dear Leana, Lian and the FARR-team

The ARA is once again very proud of its association with FARR and the FAStraps 2011 initiative. We fully support FARR in its goal to raise awareness about FAS and promote the successes achieved in the De Aar community over that last few years.

The ARA and its Management committee would like to extend their best wishes to Leana and Lian while undertaking this 'extreme challenge'. We sincerely hope that you will achieve your goal of walking 290kms against the natural elements of the Northern Cape. Your daily progress will be monitored on the FARR website from the ARA office.

Once again good luck, take care and be safe.

Kindest Regards

Adrian Botha, Liezle Cameron and the ARA Management Committee
